Writing a personal statement is probably one of the most difficult parts of the job application form. Many employees won't have or done much creative writing since if you're Unemployed for some time or maybe been Employed for too long, that you forgotten to write and even if you have, it's still very hard to write about yourself.

Before you start remember this is a "**Personal Statement**" - i.e. it's about you, and there is no real right or wrong way to do it. You may find by choosing your own structure, and writing what you want to write about, gives a better picture of yourself to the reader [**Employer**] than anyone else can. Maximum numbers of words is 200 and also, if you have a USB, please ensure you save this on here.
